SCIENTIFICALLY GROWN ACCORDING TO THE LAWS OF NATURE

But please remember Mr. Dahlia Fan, that our plants are scientifically grown without excessive heat and from base cuttings only, and grown in special containers, which are equivalent to a five inch flower pot, neither do we buy or sell any plants from the small flower pots in which the roots are sure to become root-bound. All our plants are hardened off in special cold frames for several weeks before shipment is made. Try a few of our plants and you will be a friend of our Nurseries for many years to come.

AMERICA'S GREATEST BALL DAHLIA

Mrs. C. D. Anderson—A mammoth purple-quilled ball dahlia with a silver sheen that keeps for days in the show room. We have at last a good supply of this dahlia, which grows for everyone. Owing to our large supply, we are making the following prices:

----- 100 for \$5; 12 for \$1; each .10

ROOTED CUTTINGS

We are Michigan's finest plant growers and are proud of it, for we like plants. However, many of our customers like rooted cuttings; so do we, as the plant comes from this.

If you have an available place to grow them get cuttings. We can supply any item in our list in cuttings at discount of 25% from the plant price. First class mail delivered.

SPECIAL NOTICE—If you send us an order, large or small, and will send us with the order the names of two friends you think will be interested in our dahlias we will include one extra dahlia with your order. This must be our selection, however.

IMPORTANT: We have hundreds of dahlias not listed, owing to the supply. Do not be afraid to write us, possibly we have just what you want at the right price, or can get them for you from some of the large wholesalers, with whom we are always in connection. We are at your service at all times, and ready to serve you.

OUR LOCATION

Drive on either West Michigan Ave. or West Van Buren St. to Limit Ave. and go one block north, then watch for the sign, Hill Dahlia Nurseries. Farm located two miles east of Assyria Center and one-half mile south. On this farm we grow the finest of field-grown roots for our many customers from coast to coast.

A MESSAGE TO OUR MANY CUSTOMERS

We would like to shake hands with you and thank you personally for the many favors you have extended us from Maine to Oregon, the past few years, but this we know is impossible. But at any rate you know our heart is in the right place. We are always at your service and willing at all times to serve you in the best possible manner.

The greatest pleasure we have had this season, is the large number of letters that are coming in saying that our stock was fine and asking for our catalog. This makes us feel good, and shall try and fill every order this season with the very best that we have in all cases, and still keep this good feeling with all our customers. When you purchase from us by mail we want you to feel that you have purchased your stock from an old friend, and do not forget if you are ever in Battle Creek, Michigan, call on us; you have the key and are welcome. Just make yourself at home.

TO YOU, MR. DAHLIA GROWER

GROW THESE DAHLIAS IF YOU WOULD WIN SHOWROOM CHAMPIONS

Amelia Earhart (S.C.) —Bloom 12x6, Bush 4 ft. This gorgeous dahlia was a consistent winner wherever shown. Color is apricot buff with salmon tints shading to soft yellow at base of petals. Root .40	Haslerova (I.D.) —Bloom 8x4, bush 5 ft. A glorified Le Grand Manitou only more refined, the ground color being a delicate lavender, almost white, flecked French purple Plant .35	President F. D. Roosevelt (I.D.) —A massive new dahlia which we would describe as orange scarlet with lighter reverse. Heavy insect-resisting foliage. Plant .25
American Legion (I.D.) —A top notch in the yellow class, very much like Lord of Autumn, a mighty fine dahlia Plants .40	Helen Pahl —A new Hill seedling that is outstanding. A very sturdy grower with dark green foliage, flowers very large. The color is very similar to Jersey's Beacon or Pres. Franklin D. Roosevelt only we think a little more free of bloom. Root .30	Palo Alto (I.D.) —Nice large salmon and gold blooms held proudly on long stiff stems. Extra good. Plants .35
America's Sweetheart (I.D.) —An immense variety that is very outstanding among the new introductions. Color is a pure yellow without a particle of shading. Roots .40	Hunt's Velvet Wonder (I.D.) Color, rich bright violet burgundy. A real giant dahlia in every respect. Root .35	Red Cloud (I.D.) —Bloom 11x5, bush 6 ft. A rich brilliant crimson red, highlighted with flame. Reverse of petals rosy purple over silver. The everfull center shows the purple reverse. A striking contrast, making the flower one of the most attractive in the dahlia garden. Plant 1.00
Adorable (I.D.) —A fine dahlia of exceptional beauty. The color is a vivid pink, shading to an orange-yellow glow at the center. Root .65; Plants .35	H. R. S. (I.D.) —A super dahlia in rich golden yellow, full deep blooms, long wavy petals. Bushes large and profuse bloomer. An excellent garden variety. Plant .35	Red Pilot (I.D.) —Bloom 11x6, bush 6 ft. The color is very brilliant, and difficult to describe; it is about half way between carmine and nopal red. Flowers are full centered and held facing on strong stems. Good bloomer, can be cut with three-foot stems. The parents are Son of Satan and Oakleigh Monarch. Plant 1.00
Ace of Spades (I.D.) —Bloom 11x5, bush 5½ feet. A monster velvet maroon, almost black. This is just naturally a Giant and the blooms are held at right angles, far above the foliage on strong, stiff stems. Plant .50	Hillside Sunset (I.D.) 1939—Bloom 12x7, bush 5 ft. The color is gold and bronze with each petal edged with rose red, none of the edging extending over on to the face of the petal. Plant 1.00	Royal Pennant (F.D.) —A rich purple violet along the same order as the famous Jean Trimbee. A fine grower and root maker. Check this one without fail. Plants .50

Root 75c; Plant .30	Sleepy Hollow (C.) —Bloom 7x4, bush 6 ft. A broad petaled cactus, which is different. The color is a vivid shell pink shading to white at the center. Especially beautiful under artificial light. We consider it the most distinctive variety of the year. Plant .75
Blue River (F.D.) —Bloom 11½x5, bush 4 feet. A blue French violet, the nearest to a blue dahlia that we have ever seen. It never fails to grow. Roots .40	Jeffersonian (I.D. to F.D.) —Mauve pink large blooms. Easily grown 11 inches or more and good depth. Good stems and strong grower. Plants .50	Sonny Boy (I.D.) —Bloom 11x8, bush 4 ft. One of the largest dahlias grown, and a consistent prize winner at the shows. Color, a bright flaming red with slight touch of gold at center. Roots .35
California Idol (I.D.) The best yellow dahlia introduced in 1935. Hugh blooms on the best of stems. Winner of many prizes during the past season and surely a winner again this season in the giant bloom classes Root .30	Lois Walcher (I.D.) 1939—Bloom 8x4, bush 5 ft. The color is a deep amaranth to pansy purple, with the outer one-third of petals a clear white. Stems are ideal, carrying the flower facing and well above the foliage. Carl G. Dahl (I.D.) —Bloom 12x6, bush 5½ feet. Graceful although of tremendous size of rather loose or open formation. The pointed petals curl slightly. Color, apricot buff shaded old rose on reverse of petals. Plant .75	Lord of Autumn (I.D.) —Bush 4½ ft. Mr. J. A. Kemp quotes as follows: "This is the most sensational dahlia we have ever grown, regardless of color, and is by far the greatest yellow dahlia we have ever seen.
